August 15, 2014

Ms. Pam Tames
US EPA Region 2
Emergency and Remedial Response Division
New York Remedial Branch
290 Broadway, Floor 20
New York, NY 10007

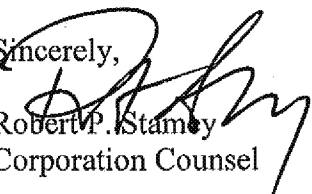

**Re: Request for Information Pursuant to the Comprehensive
Environmental Response, Compensation and Liability Act, 42 U.S.C.
§ 9604(e), concerning the Lower Ley Creek Subsite of the Onondaga
Lake Superfund Site, in Onondaga County, New York**

Dear Ms. Tames:

Thank you for granting the City of Syracuse additional time to respond to your May 6, 2014 request for information regarding the Lower Ley Creek Subsite. My office has over this time period requested that each City operating department that may have had contact with this property review and respond to your request. We are pleased to present the following information:

1. The office of City Clerk had on file records of a contract between the City and Crouse Hinds along with a right of way agreement (attached).
2. The Department of Assessment produced relevant property records (attached).
3. The Syracuse School District produced a report regarding one of their properties that is in the area of the Creek.
4. The other City Departments, informed us that no records exist but that some activity was recalled dealing with these sites such as miscellaneous dumping by DPW and the Water Department years ago.

Sincerely,

Robert P. Stamey
Corporation Counsel
